Trinity United Methodist Church, Williamsport, is a disaster shelter with a team. It is also the coordinating office for disaster response and United Methodist volunteers in mission. We have flood buckets on hand, the ability to tap into Mission Central in Mechanicsburg, we can organize teams to help with cleanup, and can call for conference and UMCOR assistance. UMCOR and volunteers in mission work more with recovery.

The Northeast PA Baptist Association is a cooperative fellowship of Southern Baptist churches in Northeast PA. Together, these churches have created a Chain Saw/Mud Out unit which is currently housed in Williamsport. Our unit and our 80 trained volunteers are part of the disaster relief network called Southern Baptist Disaster Relief (SBCDR). SBCDR is a ministry of the North American Mission Board of the Southern Baptist Convention. NEPBADR is ready and able to respond to disasters locally and nationally. If the local need exceeds our ability, we are able to call upon our state and national partners for assistance. The SBCDR fleet includes over 2000 mobile units (feeding, chainsaw, mud-out, command, communication, child care, shower, laundry, water purification), and more than 70,000 trained volunteers, including chaplains.
