West Perry Township	No	Private Subscription	Not in twp.	Not in twp.*

Note: Only Residents of Selinsgrove can use their Drop-Off facility and Composting site.

Other residents of Snyder County can take their recyclables to any other Drop-Off site in the county.

*There are two municipal composting sites in Snyder County. Selinsgrove site is for residents only. Penn Township can be used by all county residents.

There are also 2 landscapers that allow residents to drop-off yard waste and limbs and brush. Shaffer Landscapes Inc. (Middleburg Boro) and Hawk's Landscaping and Nursery (Monroe Twp) are the 2 landscapers.

Municipal drop-offs are not restricted to their residents only (Selinsgrove Borough is the exception) and are open to everyone, so all county residents can recycle.

However, due to the number of sites, it is much easier for residents in eastern Snyder County to recycle than those who live in western Snyder County.

Solid Waste

Spring Township has a solid waste compactor. They collect waste every Wednesday from anyone who wants to drop it off. The fee they charge varies.

Spring also offers some recycling at the same time the trash is collected.

Center Township has a roll-off placed at their township building every Saturday. They accept waste from anyone who wants to drop it off.

They charge a per bag or item fee. They do not accept any recycling at that time.

We have 2 trash haulers (Hometown Disposal & Cocolamus Creek Disposal) who offer the per bag / tag service to their customers. They also have the once a week and other regular options available to their customer

A small percentage of our residents use the Sunbury Transfer Station as their trash disposal option. The City of Sunbury (Northumberland County) gets some of the trash from the Shamokin Dam and Monroe Township area.
