N/A: Proposer did not submit prices for this waste type; this waste type will not be processed at the facility.

- 1: Escalation rate of 0.03.
- 2: No adjustment in unit cost for variations in sludge characteristics.
- 3: Other not-to-exceed proposed rate schedules for materials from the 5-County Region, such as bulky waste fees - "same as municipal waste".
- 4: If waste is in liquid form, requiring an additional solidification process, the disposal cost would not exceed \$100.00/ton.
- 5: Entire tire loads will not exceed \$300.00/ton. Single tires mixed with MSW will not exceed \$5.00/tire, in addition to the cost of the MSW disposal.
- 6: The annual escalation rate projected was 1.03. If inflation exceeds the given rate in any given year, the facility reserves the right to use the current CPI rate.
- 7: Submission noted that fluctuating fuel surcharge, environmental fee and minimum charge for up to 2 tons may apply.
- 8: Transfer Station Max. Tip Fee Submission Not Required by SOI.
- 9: The Price/Ton after the first year is listed as the CPI = changes in the US Consumer Price Index.
