17. Termination

The County, by written notice, may terminate any or all purchase agreements, in whole or in part, when it is in the County interest. If a purchase agreement is terminated, the County shall be liable only for payment provisions of this contract for supplies, services and/or equipment rendered before the effective date of termination.

18. Indemnification

The Contractor will indemnify, defend and hold the County of Lycoming, its Commissioners, its employees and agents harmless from all claims, demands, costs, expenses, liabilities and losses including reasonable attorney's fees which may arise against the County of Lycoming, employees and agents as a consequence of any action or claim arising out of the Contractor's malfeasance, neglect or omission.

19. The Process of Purchase Selection

In the event that the County of Lycoming would need to purchase any of the bid items listed in this bidding document, the selection of these items will be made by starting with the lowest purchase cost available from each vendor and working towards the highest purchase cost listed.

If the vendor with the lowest purchase cost cannot supply the County with the bid item or the proper number requested, the County will elect to purchase said items from the next higher purchase cost offered by other vendors. If applicable, this process would also include review of additional mounting cost of tires, which has been submitted within each bid package.

The County reserves the right to reject any or all bids as authorized by law and to award the purchase of said items to other than the lowest bidder that they deem to be in the best interest of County of Lycoming.

If any bid items that are listed in the bid specifications are proven or deem to be inadequate by the County of Lycoming for production use in a landfill environment, these bid items will be disqualified for purchase by the County. Again, all purchases for the bid items listed in these bidding documents will be **ON AN AS NEEDED BASIS.**

20. Pricing

Pricing for each bid package is required to remain firm until December 31, 2019, after the date of award. Unless a longer active period for pricing is allowed by manufacture. A Price Expiration date for each item is to be completed on the Bid Form. All pricing may be extended by mutual written agreement by both parties for a time period up to five years, if applicable.

20. Pricing Continued

The County and the Contractor acknowledge that the price of the product is dependent, in part, upon manufacturer controlled pricing, which pricing may be updated by the manufacturer during the term of the Contract based on market conditions. If, during the term of the Contract, a product manufacturer updates its prices, Contractor shall provide County a copy of the new price list, together with a written request to continue the Contract under the new price list, and a written statement that all price changes are being imposed by the manufacturer. The list, request, and statement must be provided at least 30 days prior to the effective date of the new prices. Upon receipt of said request, County may continue the Contract under the new price list, or, at the County's sole discretion, it may cancel the Contract immediately and without notice.
