

Detective Loretta Badger and Chief Detective Thomas Ungard display one of eight armored vests and a ballistic shield purchased with a 2024 competitive grant from the First Community Foundation Partnership of Pennsylvania (FCFP).

FCFP works to improve the quality of life in North Central Pennsylvania through community leadership, the promotion of philanthropy, the strengthening of nonprofit impact and the perpetual stewardship of charitable assets.

The detectives of the Narcotics Enforcement Unit brought 172 drug cases to court in 2024. They investigate crimes, make arrests, bring charges, and give evidence vital to taking drug dealers off our streets. The Lycoming County D.A.'s Office is grateful for FCFP's support in prioritizing the safety of these officers. It is hard to imagine what our community would be like without them.
