Lycoming County Community Development Block Grant Workshop

Are you considering improving your parks, roads, infrastructure, community facilities, or starting a new public service?

Who Should Attend?

This workshop will cover everything you need to know on how to apply for CDBG funding and give you an opportunity to discuss your project with County and SEDA-COG CD staff. Topics to be covered:

Representatives from municipalities, authorities, nonprofits, and other community service organizations. Members of the public are invited to attend this workshop to discuss project ideas. Though not required, it may be valuable to have your engineer or architect attend this workshop. Attendance is not mandatory; however, this workshop will enhance the quality of your project proposal, thereby increasing your likelihood of a timely and successful application.

- CDBG Program Overview
- Eligible Projects
- Community Survey Process
- Project Budget Development
- Service Area Determination
- Project Proposals
- Funding Requirements
- Selection Process
- Federal Requirements
- Application Process & Schedule
