

MUNICIPAL WASTE TRANSFER STATION AGREEMENT

Among

**Waste Management Coal Township Transfer Station and the 5-County Region,
Representing the Counties of Columbia, Lycoming, Montour, Snyder and Union,
Pennsylvania**

In accordance with recommendations contained in the 5-County Regional Municipal Waste Management Plan (5-County Regional Plan), serving Columbia, Lycoming, Montour, Snyder and Union Counties, municipal waste, including conventional municipal waste, construction/ demolition waste, infectious/ chemotherapeutic waste, and "special handling" municipal wastes that are generated from within the boundaries of the 5-County Region, must be processed/ disposed at a Designated Facility listed in 5-County Regional Plan. This Plan was approved by the Pennsylvania Department of Environmental Protection (PA DEP) on February 26, 2013.

This Agreement is made this 25th day of February, 2013⁴ by and among the 5-COUNTY REGION, made up of Columbia, Lycoming, Montour, Snyder, and Union Counties, Pennsylvania, counties organized and existing under the laws of the Commonwealth of Pennsylvania, with places of business at their respective county seats, hereinafter the "5-County Region," and Waste Management Coal Township Transfer Facility ("Transfer Station"). By signing this agreement, Transfer Station acknowledges that all municipal waste that it receives at its transfer facility, that is generated from within the boundaries of Columbia, Lycoming, Montour, Snyder and Union Counties, and that is to be disposed of, will be delivered to the aforementioned Designated Facilities.

Transfer Station agrees to maintain a valid municipal waste transfer operating permit with the PA Department of Environmental Protection, and to remain in compliance with all federal, state and local laws, rules and regulations throughout the period of this Agreement.

Further, Transfer Station agrees to accurately track and report (to the disposal site(s) that the waste is delivered to, on a per-load basis, and to the 5-County Region, on an annual basis) the types and quantities of municipal waste accepted and transferred by Transfer Station from the 5-County Region to each Designated Facility(ies), including designation of the county(ies) of origin from which the transfer station receives the waste (i.e. from the county(ies) of origin that generated the waste).

This Agreement will take effect immediately upon execution. This Agreement will remain in effect for a period of five (5) years, and the 5-County Region shall maintain an option, in its sole discretion, to renew this contract for an additional five (5) years. If a Designated Facility referenced above should decide to no longer accept waste from the Counties specified, or if additional Designated Disposal Facilities are approved for the acceptance of 5-County Region municipal Waste, through the Regional Plan's process to add facilities to the plan, Transfer Station must discontinue use of (in the case of a facility that terminates services to the 5-County Region), or may begin utilizing (in the case of newly Designated Facilities) such Designated Facilities for processing/ disposal of such municipal wastes from the 5-County Region.

IN WITNESS WHEREOF, the counties represented by the 5-County Region and the Transfer Station have caused this Municipal Waste Transfer Station Agreement to be executed as of the date and year first written.
