DEFINITIONS:

Certified Waste Hauler - A business enterprise trading in the solid waste industry, utilizing commercial grade solid waste industry vehicles (which includes one or more of the following: Packer, Roll-off Vehicle, Truck Tractor/Combinations) in the performance of their service for at least 75% of disposal transactions on a monthly basis, are subject to the PaDEP's rules and regulations, and conform to PA Code, Title 25, Chapter 285 – Storage, Collection, and Transportation Regulations, for collection and transportation of solid waste. Certified Waste Haulers are also required to carry automobile liability insurance with a combined single limit of \$1,000,000. Hauler agrees to allow placement of a vehicle identifying sticker on each vehicle at a location easily viewable by weighmasters and chosen by RMS personnel.

Commercial Hauling Enterprise – A business enterprise, trading in the solid waste industry utilizing vehicles capable of mechanically dumping or discharging the waste from the vehicle (which includes dump trucks but excludes dumping trailers regardless of the vehicle they are attached to), in the performance of their service for at least 50% of disposal transactions on a monthly basis. These business enterprises are subject to the PaDEP's rules and regulations for collection and transportation of solid waste, and utilize LCRMS facilities at least three times per week and dispose at least 1,000 pounds, (.5 tons) of waste per transaction on average. Commercial Hauling Enterprises are also required to carry automobile liability insurance with a combined single limit of \$1,000,000. Hauler agrees to allow placement of a vehicle identifying sticker on each vehicle at a location easily viewable by weighmasters and chosen by RMS personnel.

Commercial Business Accounts - Commercial enterprises, or non-profit enterprises including municipalities, schools, hospitals, and government agencies, that do not trade for profit in the solid waste industry, do not generate or dispose of industrial residual wastes. Commercial Business Accounts are required to carry automobile liability insurance with a combined single limit of \$1,000,000 if they own vehicles that may be used in transportation for disposal at LCRMS facilities. Otherwise, must show proof of required insurance for each hauler this account utilizes for disposal transportation. If customer is hauler they agree to allow placement of a vehicle identifying sticker on each vehicle at a location easily viewable by weighmasters and chosen by RMS personnel.

Industrial Generator Accounts – A person generating and disposing approved waste through LCRMS's Form R, Waste Acceptance Plan. Industrial Generator Accounts delivering approved waste in their own vehicles are required to carry automobile liability insurance with a combined single limit of \$1,000,000 if they own vehicles that may be used in transportation for disposal at LCRMS facilities. Otherwise, must show proof of required insurance for each hauler this account utilizes for disposal transportation. If customer is hauler they agree to allow placement of a vehicle identifying sticker on each vehicle at a location easily viewable by weighmasters and chosen by RMS personnel.

Individual Accounts - Persons requesting an account who do not meet any of the above account types and/or do not qualify due to lack of insurance and/or lack of defined equipment or utilization of equipment, and who utilize LCRMS facilities at least once per week and dispose at least 700 pounds, (.35 tons), of waste per transaction on average. If customer is hauler they agree to allow placement of a vehicle identifying sticker on each vehicle at a location easily viewable by weighmasters and chosen by RMS personnel.

Cash Customers - Persons who utilize LCRMS facilities on an infrequent basis and are not normally given an account. Customers may be given an account under this account type for approved, reasonable business related purposes.

White Goods – Appliances and other salvageable materials including, washing machines, dryers, refrigerators, freezers, air conditioners, dehumidifiers, dishwashers, hot water heaters, stoves, sheet iron, tin,

and steel auto parts.

Cleanup Costs – Fees charged to customers for removal of waste dumped in improper disposal area, and for reloading and/or cleanup of wastes rejected for disposal. Fees may include personnel costs, testing fees, and any special handling fees associated with the load in question.

Asbestos – Wastes contaminated with or containing asbestos, as defined by PA DEP.

Industrial Residual Waste – Those wastes meeting the permit conditions as approved in LCRMS’s Form R section of the operating permit, and have been pre-approved for disposal at LCRMS. Wastes are subject to PA DEP regulations.

Clean Wood Waste – Acceptable clean wood includes, unpainted wood, (stained wood and wood with glue is acceptable), brush, limbs not exceeding 10” in diameter, pallets, skids, compressed wood fiber pallets, utility spools with hardware removed, plywood and waferboard. Clean wood may not contain non-wood items, any treated wood, plasterboard, creosote products, demolition waste, masonite, or painted wood.

Construction Demolition Waste - Solid waste resulting from the construction or demolition of buildings and other structures including, wood, plaster, roofing shingles, metals, asphalt substances, bricks, blocks, concrete, cardboard, styrofoam, insulation, plastic, empty buckets: (tar, paint, plaster), fire debris from structures only (excluding contents).
