Single Stream Recycling: Update	2
---------------------------------	---

2015 FEES—Effective February 1, 2015

Listed in the table below are the Landfill’s fees for all wastes with posted rates. (Rates for Industrial Residual wastes are established on an individual basis, thus they are not posted.) **Effective February 1, 2015** there will be a small increase in the rates for a few wastes. The changes for affected wastes are highlighted in **RED** in the table. For additional information and definitions please see the fee schedule posted on our web page at <http://www.lyco.org/Home/ResourceManagementServices/Landfill/FeeSchedule.aspx>

Thursday, January 1, 2015
- **Memorial Day:**
Monday, May 25, 2015
- **Independence Day:**
Saturday, July 4, 2015
- **Labor Day:**
Monday, September 7, 2015
- **Thanksgiving Day:**
Thursday, November 26, 2015
- **Christmas Day:**
Friday, December 25, 2015

Meet Our New Weigh Masters

You’ve probably seen a couple of new faces at our facility lately. In December, due to the retirement of two long-time employees, we hired two new weighmasters: Dori Laubach (*photo on right*) and Kris Bryne (*photo on left*). Dori is working in the office at the front desk in the morning and at the main landfill scales in the afternoon. Kris is the new weighmaster at the recycling center. When you see them, please welcome them. They’re both doing a great job!

SINGLE STREAM RECYCLING NEWS

<http://www.lyco.org/Home/ResourceManagementServices/Recycling.aspx>

ONE-FOR-ALL
Single-Stream Recycling

RATES PAID FOR RECYCLABLE MATERIALS:

The renovations to the recycling facility are complete and the facility is processing single-stream material and **paying for it!** The rates paid for Single Stream and other recyclable materials will be dependent on market conditions and will be evaluated on a monthly basis. Please contact the recycling department at the beginning of each month for current rates.

LISTING OF PARTICIPATING HAULERS ON WEB SITES AND SOCIAL MEDIA:

A list of haulers participating in single-stream recycling for delivery to the LCRMS Recycling Center is being compiled. This list will be posted on the County's website as well as the new 'One-For-All' microsite devoted to information pertinent to our Single-Stream recycling efforts and services. The information will also be shared on the Lycoming County Government's FaceBook page. *Hey! Free advertising!*

If you would like for your company to be included on this list please contact Ellen Montis at 570/547-1870 or by email at ellen.montis@lcrms.com as soon as possible. Provide your contact information, including email or website addresses, along with your location and the areas that you serve for residential and/or commercial recycling.

ONE-FOR-ALL WEBSITE:

Along with the grand opening of the new Single-Stream process at our recycling center, the County also launched a website for the purpose of educating and informing the public about single-stream recycling. The website can be accessed through the LCRMS Recycling page on the County's website or directly at www.OneForAllSingleStream.com

PARTICIPATE IN THE ONE-FOR-ALL MARKETING:

If you want your company's service to be identified with the One-For-All campaign, information on how to obtain logo stickers to be placed on your recycling containers can be obtained by contacting Jeff Miller (jmiller@pposinc.com) or Shane Swisher (sswisher@pposinc.com) or by calling Jeff or Shane at (717)232-1898.

GUIDELINES FOR SINGLE-STREAM RECYCLING:

1. Single Stream material will only be accepted at the recycling facility during the center's normal business hours: 7:00 AM—3:00 PM; Monday—Friday.
2. *PLEASE NOTE: The recycling center is currently not open on Saturdays.*
3. Loads of recyclables will be received at the Recycling Center scales.
4. When pulling on to the scales you will need to report to the weigh master:
 - A. The municipality of origin: township/borough/city and county
 - B. An estimate of the percentage residential versus commercial material in the load for each municipality
5. All material must be dry and loose—not in plastic bags. The use of wheeled totes or similar collection containers is encouraged. A list detailing what is and what is not accepted is available on our website.
6. LCRMS reserves the right to reject loads with excess contamination. Any rejected load will be charged the posted rate for Municipal Solid Waste.
